Spaulding Support Services is a voluntary nonprofit agency that provides care and support to people with developmental disabilities and their families. This agency was founded by a group of families once known as Spaulding P.R.A.Y. Residence Corporation, who were in search of residential services for their children. In 1982, they opened their first supervised community residence serving 8 young adults located on Spaulding Avenue in Syracuse.

The agency has expanded over the past 29 years and now provides the following services:

1. Residential support to 38 individuals in 12 homes.
2. Planned Respite Services at our Guest House and Crystal House Centers serving 77 adults and children currently living at home.
3. In home assistance to 22 individuals living on their own.
4. Monthly funding support to 20 individuals by providing adequate resources to live independently in their own apartment.
5. Medicaid Service Coordination to 100+ individuals/families.
6. The availability of Family Reimbursement funds requested and directed by families to assist the needs of maintaining their family member with a developmental disability at home.

Spaulding funds their programs through individual benefit entitlements; The NYS Office of Mental Retardation and Developmental Disabilities; Medicaid; Fundraising Memberships; In-Kind Donations.
